Wireframe mock ups for testing new features with users. Wireframes are great for testing many design options with users, developers stake holders etc.

Tool: Adobe Xd

Functional prototype: https://xd.adobe.com/view/e9bcf59e-2012-4310-57d0-1c956eab5920-9f8d/?fullscreen

ToDo: create field specific pages, update the configure bot pages, update the bot card page.
